AMERICAN RED CROSS

Dearest Mom & Dad,

Haven't heard from you for a couple of days so figured I would write. How are things at home and the surrounding area? Well, dad I suppose your line is progressing very slowly. I can imagine how difficult it is to get certain materials. I hear you still run into trouble trying to read the Sunday paper. I'm out.

Just got back from the show. The name of it was "Bomber's Moon." It was really good. Robt. Montgomery played in it and he played the part of a Captain in the air corps from Madison Wis. Maybe you have seen the picture. It was damn good picture.

II

AMERICAN RED CROSS

Everything is just fine here. Last evening I had watch out at the ammunition dump. Therefore I caught up on my letter writing. I wrote to Rufus Mather and also June.

The work is continuing the same as ever. Getting a little easier because I am catching onto the work.

What is news around home? Suppose the team is almost through playing. Last I heard, Mike was doing alright for themselves.

Frank Joe is in the 5th. Div. now. Guess he is in ordnance company. I'll write to him at the first opportunity.

Where are you working at now, man?

AMERICAN RED CROSS

III

June keeps speaking
about your liking your
work, but I still don't
know where you are
working.

Hard is Jack Holman
getting along in the army?
Bet he is going great
guns! You know Holman.
Don't think I much else
right now. Am waiting
right now for a little
hot lunch. Think it is
almost ready, so will
close. Don't worry, please.

Love
Bill
