Dear Mom & Dad,

Received your v-mail yesterday, which was mailed the 26<sup>th</sup>. Thought I would tell you, so you could see whether v-mail traveled faster than the air-mail.

So you are having a little touch of spring! Pretty soon you will be planting a garden and having fresh vegetables. Sure wish I could get one of those fresh tomatoes, that will be ripe in a couple of months.

Thanks for Syd's address.rote him a long letter this evening. Also wrote to Luella some time ago. Expect an answer from her one of these days.

Last night, was a typical tropical evening. The moon was shining and it was very pretty outside. That part of it looked like the South Sea Island pictures you see.

Heard that Pop was fairly sick for a time. Say Pop, why don't you write? Like

II  
to hear from you to. Got a  
letter from Grandma the other  
day. He told of Keith enjoying  
New York and also Washington  
D.C. Am going to the Red Cross  
now, will write more  
later.

Bill, Am back now. Sort  
of wish I hadn't gone. Am  
dead tired now. He looked  
at several magazines and  
then came back.

Am going to send you  
some money in a couple  
of days. Tell me when you  
receive the money order.  
Tell guess I shall close  
for now. Write soon  
and very often, please.

Love  
Bill
