Dear Grand Dad,

Received a great bunch of letters from everyone lately. Am just about to try and answer all of them. So you saw a wonderful movie! It must have been great.

So spring is there and all the little pests also! Great party isn't it? The neighbors must have had quite a time the other evening. Would like to have been around to hear about it.

Fishing season is just about to open or I should say is open by now. Have you gone yet Pa? Not you didn't even get a nibble if you did! So you got a little aggravated over Mr. Jab bragging about his two sons in the service and still in that country. Kib him sometime, who is winning this war, the boys in the States or the ones over here. (An understand you view very well.

Yes, it is quite amazing what change can come over a person in a

11
little less than one year. In regard to your wandering from the spot you sent me some time ago - it arrived safely after some delay.

If you had a very enjoyable Mother Day. Am very pleased to hear of that. So early were up for dinner too. That should have proved a wonderful Day all around. If you are figuring on buying another car, I would wait a while because then I will have more money in the bank and you can use that too. It will be perfectly all right by me.

If you liked the picture I sent home. Glad you did and you are welcomed for the great appraisal of it. Felt is being a hard time in his training, is he. He had better expect worse than that when he gets out and has to worry about handling men.

You received the bracelet in your order, did you? Glad to hear about

that and also that you liked it
 very much. I'll send you more
 sandwiches whenever I get the
 chance. I saw that show you were
 speaking of in one of your letters.
 Bill Bendig played in it, didn't
 he? Can't think of the name of it.

The baseball team is doing
 O.K. for itself. Glad to hear that
 they won the tournament. Guess
 I will save you some.

Love
 Bill.
