UNITED STATES MARINE CORPS

Dear Home-Dad,

Got your letters written the 25th and they were really welcome. Also got one from Grandmother and June.

You're sure are having quite a time with your weather. Read an article in a paper about it. Must have caused quite a bit of damage. My boys are finally getting home huh? Would enjoy seeing Paul but it can't be done, so therefore wishing is out. So Stuart is out here, is he? Can't imagine him overseas, let alone a sub!!

The clippings from the paper was very interesting. Sure was a good picture of Kathryn Rossiter. She is a very good looking young lady.

The little accident Dad had in church must have been a neat. He sure does have his troubles.

Last night had guard duty. Sure do hate it too.

The breakfast you spoke of really sounded delicious. It will be a great pleasure to get

home and eat like that
for breakfast.

Will take care of yourself and
don't worry to much.

Love
Bill
