## Research Assistance Instructions and Fees

The general policy of the Mount Horeb Area Historical Society, as relates to research assistance, is that we will conduct a brief scan of our records (roughly a 15 minute search) to see if we have any readily available information related to the topic at hand.

We will the report back to you with the results of this search. Our average staff research response time for most inquires is 5 to 7 days.

At that time, you can make an appointment to view whatever we may have located and/or do further research on your own with our records. Due to limited hours and staffing, advance appointments are required for all on-site research.

If you elect to have us continue the research on your behalf, there is a \$28/hr fee for that search – payable whether said search is “fruitful” or not.

Find more information on our fee structure here: <http://mthorebhistory.org/research-fees.html>.

Research requests may be printed and returned by mail or in person to the front desk of the Driftless Historium, 100 South Second Street, Mount Horeb, WI 53572.
