

DONALD PARK LAND PARCELS TIMELINE

By Charles C Gerhards. Verona, WI ©Aug 18, 2007

This document shows the transfer of 40-acre parcels in and around the present Donald Park from original owner to next owner and so on to the early 1900s. Parcel numbers are used in place of quarter-quarter sections, that is, of 40 acres in size. Parcel numbers and equivalent 40-acre parcels referred to, for example, as the southwest quarter (SW1/4) of the northwest quarter (NW1/4), or more simply as SWNW, are:

7 NWNW	5 NENW	3 NWNE	1 NENE
8 SWNW	6 SENW	4 SWNE	2 SENE
15 NWSW	13 NESW	11 NWSE	9 NESE
16 SWSW	14 SESW	12 SWSE	10 SESE

Some patent information was not found or not pursued. Some land transfers were not found. Generally, continued transactions have dates of action. Where that is lacking, spaces between names or between parcels indicate that the land transaction was not found.
